PET PRINTER LINE

Water bottles are made from PET plastic and Shiny has found an alternative to putting them in a land-fill. Imagine the quality of a Shiny Printer with a great ECO solution, that is what Shiny PET Printers are all about. Did you know major US retailers are banning the use of PET plastic used for clam shell packaging? The reason for such is that PET plastic does not biodegrade well. We are thrilled to be helping the environment when selling our stamps. Also, the PET-843 and 844 come with a removable die plate. This enables the consumer to have multiple impressions with one stamp, or allows them to keep their original stamp when their message changes.....another Shiny exclusive.

Details Make The Difference

The New Printer utilizes the same design concept as the Premium Printer. The quality is evident in the extremely smooth oscillations and quiet movement. You cannot find self-inkers with more attention to detail. Note many models are available with "stock" two color pads..... a great way to add value and profit to the stamps you sell.

The Purple, Green and Orange S-843 & S-844 come standard with 1 *removable die plate.

The Black S-843 & S-844 can be ordered with 2 removable die plates.

All sizes (exlcuding S-841) are available with Black, Green, Orange or Purple Handles.

THE TRANSLUCENT BODY ENABLES THE USER TO PRECISELY STAMP IN THE DESIRED LOCATION.

Heavy Metal **ecoLine**

DATERS MADE WITH PET - 12 Year

Our Heavy Metal Line is sure to please your most demanding customers. We minimized plastic and maximized metal with this new design. The majority of remaining plastic is made from recycled PET, thus selling Shiny HM daters helps reduce waste in landfills. Yes, these are Heavy Metal (HM) Daters as the name implies, but super smooth oscillations make them easy to operate. Tested for over 1,000,000 impressions, your demanding customers will never wear them out. Take comfort in knowing that the HM Daters are Eco friendly as well.

DIE-PLATE DATER

Lock

The Shiny Die-Plate Dater features a lock that ensures a more convenient use of the stamp.

Drive Wheel

The drive wheel allows the user to set the date smoothly and easily.

Construction

The housing of these daters is made from recycled PET plastic. These are the most Eco-Friendly daters you can buy.

SUPREME INK

Re-inking a pad instead of replacing it is the "greener" thing to do. Re-inking is the "right" thing to do since it reduces waste. Sell re-fill ink instead of replacement pads and help our environment. Your customers will love you for this added value and ecologically-friendly concept.

Shiny Supreme Rubber Stamp Ink is available in 11 great colors!

- Brown, Yellow, Mint, Orange, Pink, Turquoise,
- Black, Red, Blue, Violet, Green
